

01 MATERIAL

90%

recycled nylon liner*

Carbon footprint reduction
of 75g CO2 eq/pair*

02 MANUFACTURING

energy distribution

88% thermal

12% electrical

20%

of our electricity
consumption is
planned to be solar

25%

reduction of
water use from
a FY20 baseline

03 PACKAGING

70%

less packaging material

82%

less GHG emissions
